FIRST IN RESULTS TO ADVERTISERS

No. 50

**Heads Guilty
in Reckless Homicide
in Mrs. Duckwitz' Death**

**Will Receive Sentence in
Circuit Court Early
Next Week**

Stanley Robis, 44-year-old pinball maintenance man of Spring Grove, plead guilty to charge of reckless homicide before Circuit Judge Bernard M. Decker Friday in connection with the death on Dec. 13, 1950 of Della Duckwitz, 74 of 722 Orchard st. in this village.

At the same time he asked for a parole on what ever sentence Judge Decker should elect to pronounce. The court's decision is expected next week.

Robis was slated to go on trial Monday on charges of reckless homicide, involuntary manslaughter, and assault with a deadly weapon, but State's Attorney Robert C. Nelson was informed a few days before that the guilty plea would be proffered.

Robis drove the car which struck and killed the Antioch woman as she crossed Main street at Orchard street late one evening. He fled from the scene, according to police reports, and was captured two hours later at his home and identified as the driver of the death car.

The reckless homicide charge carries a sentence of one to five years as a felony, but there is a point of law which can be used to reduce the charge to a misdemeanor, carrying a lighter sentence.

**Giants Take Yanks in
Only Little League Play,
Other Games Rained Out**

Rain stepped in last Sunday to prevent either the Dodgers or Sox tumbling from their tie for first place position in the Little Baseball league. The game between those teams will be played later as will the game between the Sox and Tigers which also was rained out.

The Tigers will play the Giants Sunday.

The game between the Giants and the Yanks was a walk-away. Eleven runs, 6 in the second, 5 in the third were made off Scully. Zalatoris who replaced Scully in the fifth let in 4 runs in the fifth.

Chuck Larson pitched good ball for the Giants, but a great deal of credit must be given to his in-field and out-field for their fine support. Eight put-outs at second, one at home and one at pitcher's mound, but with seven assists. This shows good baseball. How those Giants bunched their hits shows how good those Little Leaguers can get. No (Continued on page 12)

**Excessive Rain Hurting
Crops in Antioch Area;
Venetian Village Struck**

Excessive rain and a strong wind, which last Sunday at Venetian Village in Lake Villa township did considerable damage, have plagued this area the last two weeks.

The storm last Sunday evening tore down television aerials in large numbers and blew down a tree on an automobile and a house at Lake Villa's neighboring subdivision.

Corn didn't reach the proverbial knee-high on the Fourth of July in most Antioch farms and much of it all over Lake county is under-water. That on high ground is showing slow growth...

The warm nights necessary for the growth of corn have been absent. The cool night may be fine for sleeping but poor for corn growing.

Much hay is down and spoiling, and dairy farmers may find a shortage of food for their cattle during the coming winter if this kind of weather keeps up.

Wheat and rye are turning and while the stalks have good growth the grain content has not yet been assayed.

Repair Jail and Clock

The county board of supervisors on Tuesday voted an expenditure of \$113,397 to repair and renovate the county jail, and \$885 to repair the clock in the court house. The clock has not been in operation for nearly five years; the jail has been in such condition that a new one was considered.

Move to Ban Fireworks In State and Nation Following N. C. Tragedy

As the result of the deaths of five children caused by an explosion and fire touched off by a Fourth of July sparkler in North Chicago last Thursday, a movement is started to ban the use of fireworks in the state and nation.

Congresswoman Margaret Stitt Church will introduce the matter in congress and local legislators to the state assembly.

Two sons and a daughter of Mr. and Mrs. Martin Brosman, a daughter of Mrs. Mary Renarb, and a daughter of Mr. and Mrs. Joseph Zorzy of Victoria st. were victims of the blast which occurred when one of the children stuck a lighted sparkler in a can of turpentine in a shed at the Brosman home. One of the Brosman children was trapped in the burning building and the others were so badly burned when they got out they lived only a few hours.

Rain and Cold Weather Prevent Good Fishing, Plague Resort Owners

Rain and cold weather spoiled fishing in the Chain O' Lakes area the last few days and resort owners have become apprehensive as to whether they were due for some more of the temperatures that spoiled last year's season.

A big drop in temperature occurred Tuesday and rain fell yesterday.

Bass and pickerel fishing was only fair the first or the week but blue-gill and crappie fishing continued good.

A few large mouth bass were being caught on frogs and surface bait at the north bay and west shore of Grass lake, west shore of Channel lake and on Stanton bay of Fox lake.

Pickerel were caught on large clubs at the east shore of Grass lake, northwest bay of Channel lake and Nippersink lake.

Blue gills were caught on flies and worms at Oetting shore, Channel lake and north bay, Grass lake, while crappies were caught on minnows at Squaw creek, Fox lake and Ferris bay, Lake Marie, according to Edward P. Sullivan of the State Conservation department.

Model Airplane Contest Postponed to July 21

The torrential downpour and high winds of Sunday, July 8, forced the postponement to Saturday, July 21, of the fifth annual Plymouth, Chicagoland Model Airplane contest.

Through arrangements made by Captain Richard M. Oliver, commanding officer of the U. S. Naval Air Station at Glenview, more than 500 air-minded competitors from Chicago, its suburbs and nearby communities, were invited back to the air station on July 21. The air demonstrations by the Navy Phantom jets, midget races and other events scheduled will also be held on the 21st.

Weather permitting, a crowd of 75,000 to 100,000 persons is expected.

Oscar I. Onsted Named Commander of Antioch American Legion Post

Oscar I. Onsted, a resident of Antioch, has been elected commander of the Antioch post, American Legion for the year of 1951-1952.

Onsted has held membership in the post for the last six years. He was a past commander of the Sauk Center, Minnesota post in 1933. He takes the place of Harold Christensen.

William E. Brook who was looked upon as a candidate for the post of commander became senior vice-commander upon request. He has just completed a presidency of the Lake County Bankers association after serving a year as president of the Lions club and asked for a year's rest before assuming other strenuous leadership.

Paul Erickson, a former resident of Evanston, now living in the Antioch township section of Deep Lake rd. and a member of the post for five years, was chosen junior vice commander.

Ben F. Miller was re-elected finance officer; Edward H. Jahnke, chaplain; Jack Message, sergeant-at-arms; and John L. Horan, representative to the Lake County Veterans Assistance commission.

Delegates to the Tenth District council of the American Legion in (Continued on page 7)

Lake County Fair Will Have Genuine Country Flavor, Adviser Says

Folks who like a good old-fashioned County Fair with plenty of country flavor will find it in the Lake County Fair opening at Wauconda, Illinois on Thursday, August 2, and continuing through Sunday night, August 5, according to an announcement by Ray T. Nicholas, Farm Adviser.

This will be a fair that has lost none of that spirit that makes it a genuine country fair. It is a fair in which young and old alike will find amusement, relaxation, and entertainment. It is a fair that will convince the public the young people are going places. There will be a thrill when the 4-H Club boys and girls exhibit their prize livestock, cookies, cakes, room improvement, and clothing exhibits.

Fair visitors will see some of the best animals in the country at the Lake County Fair. Many of Lake County's livestock breeders, known throughout the Midwest, will show their outstanding animals at the show.

Four-H Club members and livestock breeders have been busily engaged in training and grooming their livestock for the past several weeks. From head to tail, their prize winning animals will look like they have visited a beauty parlor.

Although the livestock is a big feature of the fair, it is not the only attraction. There'll be "thousands of exhibits of gorgeous flowers, row after row of fresh crisp vegetables, and a tent filled with fine and decorative art exhibits. And for those whose interests lean toward culinaria, the shelf upon shelf of canned fruits, vegetables, meat, jams, jellies, pickles, rolls, cookies, pies, and cakes should have a special appeal.

When the visitors are tired of looking at all the educational and commercial displays, they can take to the midway. Here they will find all kinds of rides and refreshment stands. A high class free entertainment will be presented every afternoon and evening.

Cermak, Lahti Invite Public to Opening of Offices in P.O. Bldg.

With grand openings in Antioch a weekly occurrence lately, Charles Cermak Jr., realtor and W. V. Lahti, Shell Oil Co. dealer with offices at 400½ Lake st. in the new post-office building are joining the group with their reception set for Saturday.

From 9 a.m. to 9 p.m. the two offices in the same room will greet the public.

Lahti who has been associated with the Shell Oil Co. since 1941, started his present business in 1946 with his office, until now, situated at the bulk plant on Corona ave. His new office provides a better place to greet his customers.

Cermak, who has had his office at his home in the interim of the past several months after he established his own firm, will be assisted in the reception by his salesman, Thor Thores, and representatives of insurance companies for whom he is agent.

Souvenirs will be given to all who visit the offices.

The offices, with a third one yet to be occupied are set off in the room by walnut paneling. There are draperies at the window with potted plants to be added. Cermak has his own signature inscribed as a sign on the office window.

Boy Killed When Tractor Overturns

Donald Eugene Moore, 14, son of a Prairie View farm worker was killed at 3:45 Wednesday while operating a tractor at Nick Keller's Little Orchard farm, west of Antioch. The tractor overturned pinning his body underneath. James Drew, a 7 year old boy who was riding with Moore, was thrown clear of the tractor, escaping injury. He ran to the farm manager, Lester R. Nicholson for help. They took another tractor to pull the tractor off the boy's body, but found that he had died of suffocation.

The body was taken to the Strange Funeral home, where a coroner's inquest was held. The body was shipped to Elmo, Mo.

He is survived by his parents, Herbert and Mary Moore, who operate Baschone Farm at Prairie View, one brother, Ronald and a sister, Marilyn.

Knee High—to a Giant

Estimate 1000 Crowd at Fishing College on Antioch Lake Sunday

Conservation Department officials expect a thousand persons to attend the fishing college at Antioch lake Sunday if the weather is satisfactory.

The demonstration on the technique of various types of fishing is sponsored by the State Conservation department and the Lions club and will be held on the west shore of the lake just off Rte. 21 near Elton 173.

James W. McMillen, mayor of Antioch, will introduce heads of the various "departments" of the college who will demonstrate various types of fishing as follows:

K. C. Carson—Ice fishing minus the ice setting), practice and equipment.

William Brook—Proper use of flyrod and spinning rod.

William Ziegler — Catching white bass.

Edward Sorenson—Cane pole for pan fish.

William Opal—Use of set lines.

Robert Brown—Cane poles for perch fishing on Lake Michigan.

During intermission the Antioch Rescue squad will demonstrate the use of its first aid equipment.

Sights on the highways will direct to the college campus.

Doughnut Tag Day Drive Exceeds Goal In Metropolitan Area

Doughnut Day, The Salvation Army's tag day held on June 12, exceeded its goal of \$105,000. Mrs. Harry Paschen, general chairman of the drive, announced today.

"Contributions in support of the Army's wide program of service to the needy totaled \$105,434.68, Mrs. Paschen said. "I want to express my appreciation and that of the Army for the splendid cooperation of the volunteers who tagged despite the rain and the thousands who contributed."

Approximately 8,000 volunteers sold the little paper doughnut tags throughout Chicago and 94 suburbs in Cook, DuPage, Kane, Lake, Will and McHenry counties as well as Lake county, Ind.

Of the funds raised on Doughnut Day, \$10,000 will be used for a steadily enlarging program of services to men and women of the armed forces. In all communities outside Cook county, 20 per cent of the money raised in the local Doughnut Day drive will remain with the community residents serving as local treasurer for The Salvation Army. This fund will be available, at the discretion of a local committee, for such services as dental, medical and optional assistance, clothing for school children, and family welfare aid. The other 80 per cent will be applied to the Army's total budget of \$1,571,425 for the greater Chicago area.

Mrs. Margaret Gaston, chairman of Antioch, reported that the total from that area was \$33,17, and expressed her appreciation to the taggers and contributors for their help.

The collection this year was less than the year previous because fewer persons were on the streets on the Tuesday this year than the Saturday last year.

Start Carnival Plans

The Channel Lake Community club has set July 23 as the date for its summer carnival. Plans in detail will be announced later.

Woodstock, Leader of Summer League Wins from Antioch Hi 9-0

Woodstock High school, district baseball champs, proved their right to summer league leadership Tuesday evening by defeating Antioch High school team here 9 to 0.

Dermott held the Sequoits to three hits, Haviland getting two, one two-bagger and Pregenzer one.

On the other hand Woodstock got to Pregenzer and Stahmer for a total of 10 hits. Pregenzer pitched five innings and Stahmer two. Rentner, who recently recovered from a fracture so that he can play ball again, did the catching for Antioch.

Antioch will play Elgin at Elgin tomorrow night and Marengo there next Tuesday. On Wednesday, July 18 Pakatine will play here.

Police Will Give Tickets To Delinquent Motorists But They Cost, However

A Game of I-spy will take place in Antioch within the next few weeks.

The Antioch owners of automobiles who have not yet purchased their vehicle tags will try to spy Village Clerk Clarence Shultz in purchasing them before Police Chief Walter L. Scott spies them and gives them a ticket.

The ticket is good for a penalty before the police magistrate.

Those who have purchased tags and failed to put them on should not fail to do so to prevent embarrassment, Scott said.

The time allotted for purchase of the tags was May 1, so that after a month's leniency the police think they have a right to enforce the penalty. The tag costs \$5.00 and the maximum penalty for not having it is \$50.

Approximately 8,000 volunteers

will brave the weatherman and the Chicago Ramblers as they attempt to get back in the fight for their fourth consecutive International Polo League championship, Sunday.

Fighting for Arlingtton's second victory in five starts will be Capt. Len Bernard at No. 3; William (Red) Grant at No. 1; Johnny Casey at No. 2 and Stan Taylor at back.

Bill Ylvisaker, just back from Honolulu where he played with Yale alumni team against a Hawaiian quartet, is also expected to see action in Sunday's tilt.

Merrill Fink, the younger half of the hard-riding Fink brother combination of Montana; Joe Karp, Paul Smithson, and Tom Cross will be in the Chicago lineup.

The game will be sponsored by the Lake county Young Republicans, who handled the advance sale of the tickets for the Texas team which was rained out Sunday and the tickets sold for the game will be honored for the coming contest.

Co-sponsors of the game will be the alumni association of Northwestern university which will use its share of the proceeds of the game in the Golden Jubilee Building program of the Evanston set of higher learning.

**PFC. PATRICK J. QUILTY
IN TRAINING AT WARREN
AIR FORCE BASE**

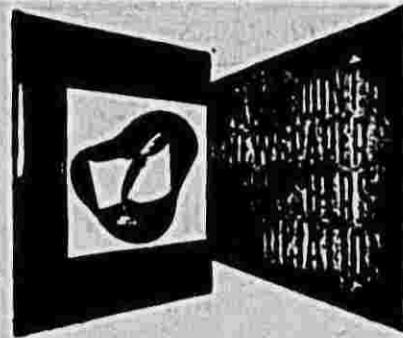

PFC. Patrick J. Quilty, son of Mr. and Mrs. Thomas Quilty of Lake Catherine is presently training as an Air Force Technician at the U. S. A. F. Technical school at Warren Air Force Base, Wyoming. It has been announced by the Commanding officer.

COAL IN THE HOME

The Census Bureau has just released a report giving the figures on home heating as compiled in its 1950 census. It contains a surprise for anyone who believes that coal is something of an obsolete fuel.

The Bureau found that there are about 20,000,000 dwelling units with central heating plants in the nation—and almost half of these are fired with coal. More than 5,000,000 units, in addition, burn coal in various types of space heaters.

Coal was far ahead of any other fuel in the home heating field. Moreover, since much manufactured gas is made from coal, an indeterminate number of gas-heated dwellings are coal users by indirection.

According to the best estimates, about 120,000,000 tons of coal passed through the yards of retail coal merchants during 1950. Some of it went to schools, churches, hospitals and small commercial plants, but the major part was delivered to homes and apartment buildings for heating purposes.

What this illustrates is that coal is definitely a big-league fuel. It is holding and expanding its markets. And it is a highly adaptable type of fuel, with all manner of extremely important industrial uses.

Incidentally, it is being pointed out that this year, as in past years, it is patriotic to "hoard" coal. Consumers should fill their bins now, in preparation for next winter's heating load. That will prevent undue pressure on the coal producers and merchants and the transportation people when the big demand comes along.

WEAPONS

It has been observed that the strongest factual argument against compulsory government health insurance lies in the remarkable growth of the various voluntary plans. These organizations have tens of millions of members, even though they have existed for a relatively short time. They are still growing.

LAKE VILLA

The Women's Society of Christian Service held its quarterly pot luck dinner and picnic last week Thursday at the home of Mrs. Paul Laurason at Venetian Village with a splendid attendance. The April, May and June birthdays were recognized, a short business session was held, with devotions led by Mrs. McNeill and Donna Reidel and Jackie Martin sang a duet. Mrs. Boyer, Mrs. Bray and Mrs. Dunbar had charge of a recreational period.

The M. Y. F. held no meeting on Sunday evening as most of the group spent a week in Camp. Some of the group had half their expenses paid by the church school as a reward for faithful attendance. Among those attending were Donna Reidel, Jackie Martin, Lillian McNeill, Mary Wolff, Carlene Ekdahl, Jay Cribb, Fibber Hacker, Carolyn Kroeplin, Philip Wagner and Paul Williamson.

There will be a work night at the church Friday evening from 7 till 10, the purpose of clearing up and sorting of materials in the various storage places of the church, and of course, refreshments at the close of the work period.

Mr. and Mrs. Winsor Daigaard entertained a number of friends and relatives at their new home on July 4th in the evening with quite a display of fireworks.

Charles Kelly is at his home and recovering nicely from surgery at a Kenosha hospital.

Venetian Village, south east of town was quite badly hit by a small tornado early Sunday morning when many trees and television aerials were blown down, also electric light poles which disrupted electric service for some time until the Public Service Company could get them repaired. The wind was accompanied by heavy rain but no one was reported injured in the storm. Other damage to trees was reported to the southwest of Lake Villa.

Mr. and Mrs. W. V. Kennedy, Mr. and Mrs. Scanlon and children of Chicago spent Sunday with Mrs. Kennedy's sister, Mrs. Stella Peterson on Oak Knoll Drive.

Mrs. James Williamson and children visited her parents in Waukegan last Saturday.

Mrs. Elizabeth King of Winnetka has been guest of her sister, Mrs. J. R. Williamson at her home during the past week.

Mr. and Mrs. Lester Hamlin were

at a very rapid rate, and their services have been steadily improved and broadened. They provide the worker and his family with protection against the financial impact of illness at a very modest cost. And, of great importance, they do not interfere with the patient's freedom of choice in picking a physician or a hospital.

Voluntary health insurance has thus been a mighty weapon in the fight against politically-dominated medicine—which would simply be a prelude to socialized medicine. But there has been another "secret" weapon involved as well—and that is the growing fear, held by vast numbers of thoughtful citizens in all walks of life, that we have been unwittingly marching down the road toward totalitarian state. Government control of the instruments of medical care would obviously be a keystone in such a state. Lenin himself, an authority on totalitarianism if there was one, said that.

Furthermore, the claim that most Americans cannot afford good medical care is simply not true. A comparatively small number of people are in this position, and methods are being provided to care for them. The great majority are not. As a people we spend less for illness than we do for tobacco and beverages and various other luxuries. A doctor's bill may be a burden, but most of us meet it.

The politicians have been soft-pedaling the compulsory health insurance scheme lately. And they've done that because they know the people don't want it.

TEAMWORK

According to a survey made by the National Association of Manufacturers, the supply of consumer goods will be adequate in the next 12 months. This is true of durable goods, food, clothing and other major items. The Association forecasts that, as a result, there will not be any "uncontrollable pressure on the cost of living" for that length of time at least.

This speaks well for the productive ability of our American farms and factories which are taking the heavy military demands for goods and services in stride, while filling civilian needs in a normal fashion. It also speaks well for another segment of the economy. That segment is retailing—retailing of all types and size, from the biggest chain system to the smallest one-man shop.

With few exceptions, consumers do not and cannot go to a Chicago factory to buy a refrigerator, to a New York loft to buy a suit of clothes, or to an Oregon orchard to buy a box of apples. They go to a retail store where these and thousands of other articles have been gathered, attractively displayed, and are offered for sale at prices which are kept at the lowest practicable level by competition. If they don't like one store's prices or policies or services or anything else, there's another store not far away which is looking for business and which depends for its existence on pleasing the fickle public.

Mass-production and mass-distribution are a team—a typically American team. One is just as important as the other.

some time with friends at Deerfield, Illinois.

Wm. Somers of Villa Woods subdivision had his son and family of Chicago at his home during the past week.

Mr. Marke of Villa Woods, who is a patient at Condell hospital at Libertyville remains in much the same condition.

Clifford Bartlett and Bob Piereson, both 1st Class Electricians in Seabees and stationed at Oceania, Va., flew in by Capital Air Lines last week on a ten day leave to visit relatives and friends here. They enlisted in the Seabees and left for camp in Feb.

Mr. and Mrs. Clayton Hamlin spent a part of last week at Effing-

ham, Ill. Jimmie stayed with grandmother, Mrs. M. and Patty was with Mrs. Grayslake.

The Royal Neighbors held a regular session at the evening and held a monthly public card day afternoon.

SOCIETY EVENTS

Recent Rites Announced

Joanne Diedrich, daughter of Mr. and Mrs. Leslie Diedrich of Millburn and John Hubert Davis, son of Mr. and Mrs. James Davis, also of Millburn exchanged marriage vows in a double ring ceremony read by Rev. L. H. Messersmith in the Congregational church at Millburn Saturday afternoon, June 30, 2 o'clock.

The bride, given in marriage by her father wore a gown of Chantilly lace over satin with illusion neckline and train, her finger tip veil was fastened with a tiara of white roses. Her maid of honor was her sister Chloe who wore a gown of white lace and net over green satin, her flowers were yellow roses.

Bridesmaids were Miss Lois Reigler, Mrs. Johanna Thompson of Diamond Lake and Miss Rosemary Whalen of Waukegan who wore identical dresses of lace over yellow satin. They carried yellow roses.

Paul Lippert of Kenosha was best man. Fred Davis, brother of the groom, Russell Myers and John Taitin were ushers.

The bride's mother wore rose crepe with white accessories and the groom's mother wore navy blue crepe with white accessories and both wore corsages of white roses.

"Because" and "The Lord's Prayer" were sung by Frank De Young who was accompanied on the organ by Mrs. Frank Edwards.

A reception for 100 guests followed in the church dining room.

The new Mr. and Mrs. Davis are on a wedding trip through the East, and upon their return will be at home in the De Young apartment at Millburn. . . .

M.Y.F. Summer Program Carried Out Successfully

For their regular Monday meeting the Intermediate Youth Fellowship of the Methodist Church in Antioch will leave the church at 1:30 next Monday in cars for Conference Point at Lake Geneva. The young people will spend the remainder of the day at the camp. They are asked to bring a picnic supper and bathing suits. They will join in the evening worship service at the camp. Mr. Elmo Smyth, the Adviser, is arranging transportation for the young people. . . .

WOOLNER ENDING CYCLE OF MILITARY TRAINING

Mr. Leonard Wood, Mo.—Pvt. Kenneth D. Woolner, husband of Mrs. K. D. Woolner, Channel Lake, Antioch, Ill., is nearing completion of a 14-week training cycle here with a unit of the 6th Armored Division.

As a trainee, he received six weeks basic training in the fundamentals of Army life and the use of infantry weapons. He is now completing an additional eight weeks engineer training. Competent instructors are teaching him the use of pioneer and power tools, construction of fixed and floating bridges and related subjects besides additional combat skills.

At the end of the 14-week training cycle with the famed "Super Sixth," the men completing training here will be sent either to specialist schools or sent as replacements to other units. . . .

The Methodist Youth Fellowship Loon lake, leaving the church at 3 p.m. Sunday for an afternoon of swimming and other activities.

The summer program has been quite successful and more young people of high school age are invited by the officers to join them. An invitation is being extended to summer visitors.

A picnic supper will be provided Sunday at a nominal charge. Worship service will follow the supper. . . .

MR. AND MRS. DOLAR CELEBRATE FORTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Otto Dolar, recently celebrated their fortieth wedding anniversary at their Lake Catherine home. Thirty-five guests, including their son Elmer and family were present. A delicious buffet supper was served, by the host and hostess. . . .

DEEP LAKE WOMAN'S CLUB TO HOLD MEETING FRIDAY

The Deep Lake Woman's Club will hold its regular monthly meeting Friday, July 13, at the home of Mrs. Leona Maley. This will be the last meeting before the carnival, which is to be held July 20-21 and 22, across from Johnson's Deep Lake Resort, where the club also sponsors games every Monday afternoon from 2 to 4 p.m. . . .

HOLD SUCCESSFUL BAKE AND RUMMAGE SALE

St. Ignatius Episcopal Guild ladies held a very successful bakery and rummage sale at the Guild Hall Wednesday beginning at 1 o'clock. Tables were loaded with glassware, pottery, hats, shoes and clothing.

and children of Hillside, Mr. and

Mrs. William Wilberg and sister-

-in-law, Tillie, of Kenosha, and Mr.

and Mrs. Perry Wilberg of Chicago.

THE ANTIOCH NEWS, ANTIOCH, ILLINOIS

Parents of Son

Mr. and Mrs. Clair Elliott of Loon Lake are the parents of a son born recently at Condell Memorial hospital at Libertyville.

Dr. D. N. Deering and son William are vacationing in Canada this week. They expect to return to Antioch by July 16.

Howard Eugene Shepard of Lake Lotawana, Missouri is the guest of his grandmother Mr. Homer Gaston and other relatives in Antioch.

Answers Phone, Gets Prize

Billy Johnson, 4-year-old son of Mr. and Mrs. Bill Johnson of Cross Lake, will receive a television set for saying the right thing over the telephone Tuesday.

Billy answered the phone and was asked a question from the Mary Hartman television show. He answered the question correctly and won the prize. His parents are quite proud of him as they naturally should be under the situation.

Card of Thanks

I wish to thank all of my friends and relatives for the many acts of kindness and for the gifts and flowers sent me while in the hospital during the loss of my mother.

Ruth Barthel

Snowplow Under Ground

In New York's new \$24 million dollar bus terminal a snowplow—50,000 feet of pipe buried in the concrete—will keep the ramp surface free from snow and ice. A new type of oil is used to keep the pipes warm enough to melt snow and ice.

Two services Sunday

There will be two regular Sunday services at the Methodist Church in Antioch Sunday morning. At the first service, beginning at 9:30 there will be piano and organ music. Miss Sylvia Beelow will be the soloist. She will sing, "My Task."

At the 11 a.m. service the Women's Chorus will sing. Rev. G. Richard Tuttle will bring the message at both services. A nursery for small children will be provided at 11 a.m. Visitors are cordially invited.

ENGAGEMENT ANNOUNCED

The engagement of Miss Mae Louise Setek, to Charles Raymond Atwood, son of Mr. and Mrs. Charles A. Atwood of Channel Lake is announced by her parents, Mr. and Mrs. William Setek. The wedding date is set for September 8th.

Johnson's Spending

On for August 12, 1951

ACE upon a time, so they say, a Scotchman opened his pocketbook in December, and a June-bug flew out. That story belongs to the class of stories that sound funny because they are impossible, like the Paul Bunyan stories, or the one about the fly that fell off a marble and broke his back. No man is so stingy that he could go from June to December without opening his pocketbook to spend a single cent. Spending is something all of us do, all the time.

Is Your Money Yours?

"IT'S my money and I can do what I please with it." That is the average man's attitude toward his money. But it's not the Christian attitude.

In the first place, Jesus' parable of the talents reminds us that all the conditions, and all the energy, and everything else that makes earning money possible, are in the long run the gifts of God. "It is he that hath made us and not we ourselves" is just as true now as ever was.

God it is who gave us life in the first place, who has preserved us, and endowed us with whatever gifts and capacities we have. We are not our own, we are bought with a price, as Paul puts it.

However, we earn our living, whether as farmers, business or professional people, if it had not been for the blessings of God we could have earned nothing at all. One bedrock principle of the Old Testament is that the earth is the Lord's. Put that together with the New Testament principle that the Christian belongs to God, and you have arrived at the great principle of "stewardship."

Profits or Profit?

THE earliest Christians of Jerusalem pooled all their resources and dealt them out to all, in proportion to their individual needs. This experiment in sharing the wealth failed; and one main reason for the failure was that they paid all their attention to consumption and none at all to production.

No matter how smoothly you distribute the wealth, if some one is not producing, the whole pile will vanish in time.

Nevertheless, those earliest Christians did have a firm grasp of a real truth; namely, that when a Christian spends money he ought to have the needs of the community first in mind, and not his own profits. Does this sound too idealistic?

Well, even the law, slanted though it may seem toward the protection of wealth, puts limits on the ways a man can spend his money. If it can be shown that what he pays his good money for is hurtful to the community, the law will clamp down on him, in many cases. You can't keep a skunk farm on Broadway. It may be your money, and your skunks, but it's not your Broadway.

To take another angle: down in Atlanta (Georgia) a highly successful industrialist, when he died, left the stock in his company to his employees. They had helped him earn his fortune, he said; they should share in the proceeds.

Does not our community help us earn whatever we do earn? And doesn't the community deserve consideration in the spending?

The Money-God

NO temples on our main streets are labeled "To the God Mammon." But money is often a god, all the same. On Mammon's alter how many things and men are sacrificed! What will men not do to "make a fast-buck," to turn a neat profit? Honor, decency, truthfulness, health, even life itself, will be given up before consenting to cut the profits down.

Every great entrenched evil—gambling, prostitution, corrupt courts, liquor traffic—is as hard to dislodge as the silversmiths of Ephesus, and for the same reason: The people who stand to make money out of sin never care what happens to the sinners.

But let us watch ourselves. Do we smalltimers criticize the paunchy bigshots because we really hate the way they sacrifice everything for greed, or is it because we are envious?

Copyright 1951 by the Division of Christian Education, National Council of Churches of Christ in America. Released by WNU

Oscar I. Onsted . . .

(Continued from page 1) include Cmdr. Onsted, Adj't. Roman S. Vos, and Harold Christensen. John L. Horan, William E. Brooks, and F. A. Swenson are alternates. Cmdr. Onsted and Adj't. Vos will be delegates and Horan and Swenson will be alternates to the department convention at Chicago in August.

Outgoing directors of American Legion Home, Inc., William E. Brook and Edward J. Frazier were re-elected to another term and Director Everett R. Hatfield, who transferred to the Libertyville post, was replaced by Christensen.

The board now comprises F. A. Swenson, president; John L. Horan, secretary; Roman B. Vos, treasurer; Frank Medil, James L. Waters, Ben F. Miller, William E. Brooks, Edward J. Frazier, and Harold Christensen.

Restrictions Lifted
On Season and Size
Of L. M. Bass, W. Pike

A new amendment to the Illinois fish code is now in effect which removes the size and season limits on largemouth bass and walleye pike. Lake county fishermen were reminded today.

Although there are no size limits on the taking of largemouths during the 12-month season, the state conservation department pointed out the daily bag limit on all bass is still 10.

The department said the liberal changes on walleyes was made to conform with the laws in the state of Iowa which borders Illinois along the Mississippi river and where confusion has been eliminated between fishermen of Illinois and Iowa plying their pastime on the same waterway.

Regarding the more liberal bass allowances, the department said that "several years of research have produced evidence that spawning seasons on largemouths and size limits had no effect on bass populations."

Overpopulations, and competition from enemy fish, along with undesirable habitat, constitute the cause of poor growth and reduced bass populations, the department said.

Asks Custody of Children

Mrs. Henrietta Jordan, Lake st., has asked custody of her three children in her divorce suit against her husband, Thomas E. Jordan at Waukegan. She has charged him with cruelty and excessive drinking.

Wrestling

Chief Lone Eagle, the colorful Indian warrior gets his chance to grapple for the junior heavyweight title when he meets Verne Gagne, recognized by the N. W. A. as junior heavyweight champion. Gagne and Lone Eagle are paired by Fred Kohler in the Lake County Stadium, Round Lake Park, Friday night, July 13th. Kohler expects a capacity gathering to witness the show.

Lone Eagle obtained the match with Gagne on his agreement to wrestle Verne in a return match within sixty days, should Lone Eagle defeat his rival. Promoter Kohler has been trying for several months to sign this top attraction.

Promoters throughout the middle-west have been trying to bring Lone Eagle and Gagne together. Kohler's terms were the most lucrative and he secured the bout.

"I do not believe I can make any money on this match," stated Kohler, "I am giving away top percentages to the both wrestlers, especially the Champion, however, I feel that my fans are entitled to witness this outstanding bout."

Lone Eagle will have his Princess Bonita at the ringside with the tom-toms ready to beat them furiously whenever she senses danger for the Indian grappler. Lone Eagle always rises to greater heights when he hears drums and this extra effort staves off defeat.

A real attractive semi-windup has been signed by Kohler with George Dusette, of Boston wrestling Bozo Brown, the rugged Huntington Park, Calif., heavyweight. Dusette is one of the most capable wrestlers in the nation and he gives away poundage to Brown, hoping to offset it by his speed and leverage.

A tag match features Rudy Kay and Al Williams against the South American heavyweight Hombre Montana and Ramon Cernadas. The match is to be a two out of three fall verdict with a sixty minute time limit. Reservations for the show may be had by calling Round Lake 6-4441 and on the day of the show the number is Round Lake 6-4485.

Wrestling is featured in the cozy Lake County Stadium every Friday night throughout the summer months.

Ash Trays From Clam Shells
Excellent and attractive ash trays can be made from large clam shells you can obtain at the beach or at your next seafood dinner. After being scrubbed clean and dried, a thin coat of shellac will give the shells brightness and protection.

Hong Kong

The colony of Hong Kong comprises the island of Hong Kong, at the mouth of the Canton River about 90 miles southeast of Canton, Stonecutter's Island, and the Kowloon peninsula, on the adjoining mainland, in addition to the New Territories (356 square miles) which are mainly agricultural lands.

Life in the Country

The rat population of the United States is thought to be about the same as the human population, with three-fourths of the rats living on farms. The most efficient means of causing wholesale destruction of rats is through the use of poisons or rodenticides.

Pay on Receipt

The familiar C.O.D. (collect on delivery) originated in 1841 with an express shipment and today some 7,000,000 such shipments are forwarded annually by the Railway Express Agency. The amount collected is promptly forwarded to the shipper.

Introduce Yourself

If you are at a party and the hostess has failed to introduce you, you may introduce yourself.

Red Sea Is Red

The Red Sea owes its name to marine organisms of a reddish color which tint its surface water.

Original Letters Provide Intimate Views Into the Past

WASHINGTON, D.C.—"If I were to go over my life again I would be a shoemaker rather than an American statesman!" Thus wrote aging John Adams, second President of the United States, in philosophical retirement with his beloved classics at his home at Quincy, Mass., in 1801, shortly after his term expired.

The original letter is one of several hundred items, providing a panorama of intimate home life in the early nineteenth century, of an Adams family collection recently placed on exhibit at the Smithsonian Institution in Washington.

The collection was placed on deposit with the Smithsonian about a year ago by Mary Louisa Adams Clement, of Edge Hill, Warrenton, Va., direct descendant of both John Adams and John Quincy Adams. With the donor's death last fall the material became a permanent part of the national collections.

It is, by and large, the sort of material that would have been accumulated by a well-to-do American family of the period, but augmented through the wide connections of the Adamses as diplomats and statesmen in some of the most crucial years of American history.

There are six original manuscript letters from John Adams and John Quincy Adams. Among the most interesting articles in the collection is a manuscript poem, a parody on Byron's Don Juan, by John Quincy Adams.

The entire collection comes close to being the contents of an antiquarian's treasure chest, quite aside from its historic significance. Listed under jewelry, for example, are more than 50 items. Notable among them is a coral tiara set on a silver comb with individual coral beads set on a gold scroll design, which is shown in the best-known portrait of Mrs. John Quincy Adams. Notable among the items is a naturalist's hand microscope used by John Quincy Adams, who as an early disciple of the natural sciences played a leading part in the establishment of the Smithsonian. Included, also, is a set of game counters owned by the sixth President, made of brass set with turquoise in a jet holder—in a velvet and satin-lined leather case.

Bees Increase Clover
Bees increase red clover seed yields by about three bushels per acre, says Iowa State college entomologists.

Wood Used by Noah
Noah's Ark was made from "gopher wood," said to be akin to a resinous wood-like cedar of cypress or the Assyrian reed.

'Mama' Doll Spills Beans By Crying for Investigator

NEW YORK, N.Y.—The little doll said "Mama" in a pleading voice, but the sound was music to the ears of John Carroll, detective.

He heard the doll cry out just as he was leaving Mrs. Georgia Smith's Brooklyn home after a routine check for a \$1,700 diamond ring reportedly stolen from one of her employees.

Carroll broke open the doll held by Mrs. Smith's small daughter. There, he said, he found the multi-carat sparkler.

Mrs. Smith was held in \$2,000 bond on a grand larceny charge. The doll didn't even get indigestion from eating carats.

Armor Protection
California red scale, the most serious insect pest of California citrus, produces a shell-like armor over its body which partially protects it from insecticides, complicating the problem of control.

Musical Toad

A researcher for the Scripps Institute of Oceanography has determined that the most musical inhabitant of the sea is the toadfish, which utters a pigeonlike cooing.
